Personal

Date of Birth: 19 January 1981

Place of Birth: Senggo, Papua, Indonesia (Irian Jaya)

Languages: English (native); Indonesian, German (familiar)

Education

Matriculating Fall 2009: Anthropology PhD Program, Stanford University.

BS Physics, Harvey Mudd College, with Distinction. 2003

Research Interests

1. Anthropology: human behavioral ecology, cultural evolution, ethnoarchaeology, mathematical/computer modeling, remote sensing
2. Mathematics/Physics: optimization, game theory, rational choice theory, quantum measurement

Employment

1. June 2003-Present. Engineer. Raytheon Space and Airborne Systems, El Segundo, CA.
Algorithm design, physical modeling, optimization, lasers, optics, remote sensing, electromagnetic scattering
2. Summers 2000-2002. Engineering Intern. Electro Scientific Industries, Beaverton, OR.
Laser physics, optical design

Fieldwork

1. June-July 2008. Programme for Belize Archaeological Project. Rio Bravo Conservation and Management Area, Belize. (Field School)
Unit excavations, lithic analysis, ceramic analysis
